4 Policy content

4.1 Data Protection Principles

- 4.1.1 The UK GDPR provides a set of principles which govern how the school handles personal data. In summary, these principles state that personal data shall be:
 - Processed lawfully, fairly and in a transparent manner.
 - Collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes.
 - Adequate, relevant, and limited to what is necessary for the purpose it was processed.
 - Accurate and where necessary kept up to date.
 - Kept in a form which permits identification of data subjects for no longer than is necessary.
 - Processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.
- 4.1.2 The school and all individuals processing personal data controlled by the school, shall comply with these principles.
- 4.1.3 The school shall have appropriate measures and records in place to demonstrate compliance with each of the principles ('accountability').

4.2 Lawfulness, fairness, and transparency

4.2.1 *Lawful processing*

- 4.2.2 Personal data will only be processed where there is a lawful basis for doing so. This will be where at least one of the following applies:
 - The data subject has given consent.

- It is necessary for the performance of a contract or entering into a contract with the data subject.
- It is necessary for compliance with a legal obligation.
- It is necessary to protect the vital interests of a person.
- It is necessary for the performance of a task carried out in the public interest or in the exercise of official duties.
- It is necessary for our legitimate interests as a school (where applicable) or third party, except where such interests are overridden by the data subject.

4.2.3 When **special categories of personal data** are processed (for example, health or medical data, racial or ethnic origin or biometric data (for example facial images and fingerprints), this shall only be done where a lawful basis has been identified from the list above, and one from the following list:

- The data subject has given explicit consent.
- The processing is necessary for the purposes of exercising or performing any right or obligation which is imposed on the school in relation to employment, social security and social protection law (eg safeguarding individuals at risk; protection against unlawful acts; prevention against fraud).
- It is necessary to protect the vital interests of any person where the data subject is physically or legally incapable of giving consent.
- The data has been made public by the data subject.
- The processing is necessary for the establishment, exercise, or defence of legal claims.
- The processing is necessary in the substantial public interest.
- The processing is necessary for health or social care.
- The processing is necessary for public health.
- The processing is necessary for archiving, research, or statistical purposes.

4.2.4 **Consent**

4.2.5 Most of the school's processing of personal data will not require consent from data subjects (or their parents/carers as appropriate), as the school needs to process this data in order to carry out its official tasks and public duties as a school.

4.2.6 However, there are circumstances when the school is required to obtain consent to process personal data, for example:

- To collect and use biometric information (such as fingerprints or facial recognition) for identification purposes.
- To send direct marketing or fundraising information by email or text where the data subject would not have a reasonable expectation that their data would be used in this way or have objected to this.
- To take and use photographs, digital or video images and displaying, publishing, or sharing these in a public arena such as:

- on social media;
 - in the school prospectus;
 - on the school website;
 - in the press/media;
 - in the school newsletter
 - To share personal data with third parties (for example professionals, agencies, or organisations) where the data subject has a genuine choice as to whether their data will be shared, for example when offering services which the data subject does not have to accept or agree to receive.
- 4.2.7 When the school relies on consent as its lawful basis, it will ensure that the following requirements are met:
- The consent is freely given
 - The person giving consent is fully informed and fully understands what they are consenting to and any non-obvious consequences of giving or refusing consent
 - There must be a positive indication of consent (opt-in as opposed to opt-out), and consent shall not be assumed as being given if no response has been received.
 - The person giving their consent will be able to withdraw their consent at any time.
 - Consent shall be documented so that it may be evidenced and referred to in the future, if necessary.
- 4.2.8 Where consent is being obtained for the collection or use of children's information, consent shall be obtained from a parent or guardian until the child is considered to have *sufficient maturity* to make the decision themselves (except where this is not in the best interests of the child. In such cases, consent will be obtained from an adult with parental responsibility for that child).
- 4.2.9 The school shall ensure that where consent is obtained, there is a record of this. Where possible, consent shall be obtained in writing. All forms requesting consent shall include a statement informing the person of their right to withdraw, and an email address so they may notify the school of any changes or withdrawal of consent.
- 4.2.10 ***Fairness and transparency***
- 4.2.11 The school shall be fair, open, and transparent in the way it handles personal data, and will publish privacy notices which explain:
- What personal data the school processes and why.
 - What our lawful basis is when we process that data.
 - Who we might share that data with.
 - If we intend to transfer the data abroad.
 - How long we keep the data for.
 - What rights data subjects have in relation to their data.
 - Who our Data Protection Officer is and how to contact them.
